TWO WAYS TO MEASURE:

1. MEASURE GEAR THAT FITS YOUR PLAYER WELL & CONVERT TO OUR CHART:

– Take a pair of pants that fit well and measure the length (down the side, measure from top of waistband to bottom of pants).

To measure the waist, you will measure across the waistband.

Compare your measurements to our size chart and you'll have the size pants you need.

2. MEASURE THE PLAYERS:

– The size chart reflects the **GARMENT** size. Keeping that in mind, when measuring for the pants, simply measure around your player's waist and slot the measurement into the middle range of a pants size on the chart. For length, measure from top of hip to where you want the pants to fall. Go with the bigger size if both measurements point to different sizes on the chart.

Again, if both measurements point to 2 different sizes on the chart...go with the bigger size!
